State of Illinois

Utilization Control of Care and Services -- The reviews are conducted by the Department of Public Health staff members, under contract with the Illinois Department of Public Aid. The Department of Public Aid is the single state agency responsible for this program under Title XIX.

Because the Department of Public Aid is the single state agency responsible for this program it is mandated by the federal government (HEW) to maintain all records and to monitor all of the Utilization Reviews. All reports are to be compiled by the Department of Public Aid and submitted to the federal government to ensure compliance with federally mandated guidelines.
